MATERIALS & CARE GUIDE

At the heart of J. Adams & Co lies a great admiration for the inherent beauty and diversity found in raw materials. We're inspired by the versatility and lustre of brass, the sturdy permanence of stone, the fragility and glow of blown glass. Raw materials that are carefully selected from sustainable sources, then manipulated to accentuate their most appealing qualities. When completed, a J. Adams piece speaks to both the history of its materials and the longevity of its design.

CARE GUIDE

METAL FINISHES

ANTIQUE BRASS / BRONZE / SATIN BRASS (LACQUERED)

A coating is applied to the surface to preserve the appearance and protect from tarnishing / oxidation.

Clean using a soft, lint-free cloth to gently wipe away dust and smudges.

Avoid abrasive cleaners that can damage the finish.

Avoid direct exposure to harsh chemicals to prevent discoloration or tarnish.

BRONZE ANTIQUE BRASS / BRONZE (WAXED)

A clear wax is applied to both finishes to enhance the appearance and protect the bronze from oxidation and wear.

Please note that all our outdoor fixtures are unlacquered and will naturally mature and patinate over time.

Clean regularly with a soft cloth to remove dust and fingerprints.

Use a mild soap solution and soft brush to remove stubborn dirt or grime.

Apply a thin layer of high-quality wax periodically to maintain the lustre of the metal.

Avoid using abrasive cleaners or rough materials that can scratch the surface and damage the finish.

SATIN NICKEL (UNLACQUERED)

Clean using a soft, lint-free cloth to gently wipe away dust and smudges.

Avoid abrasive cleaners, harsh chemicals or rough sponges that can damage the finish.

GLASS

For regular cleaning, use a soft cloth or a feather duster to remove dust.

For smudges or fingerprints, use a gentle glass cleaner sprayed onto a soft cloth.

Avoid using rough sponges or abrasive materials that can scratch the glass.

Avoid direct exposure to harsh chemicals to prevent discoloration or tarnish.

NATURAL STONE

Wipe gently with a soft, dry cloth to remove dust and dirt.

For deeper cleaning, use a mild soap solution and a soft brush, then wipe dry.

Avoid using acidic or abrasive cleaners that can damage the natural stone surface.

MATERIAL VARIATION

Slight variations in the appearance of J. Adams & Co's luminaires is part of their handmade nature. Crafted entirely by hand using natural materials, our products may exhibit slight variants in size, shape, and colour; this highlights the authenticity and uniqueness of each piece.

SUPPORT

If you have any specific inquiries or concerns, please contact our customer support team, and we'll be more than happy to assist.
